The bridge to possible

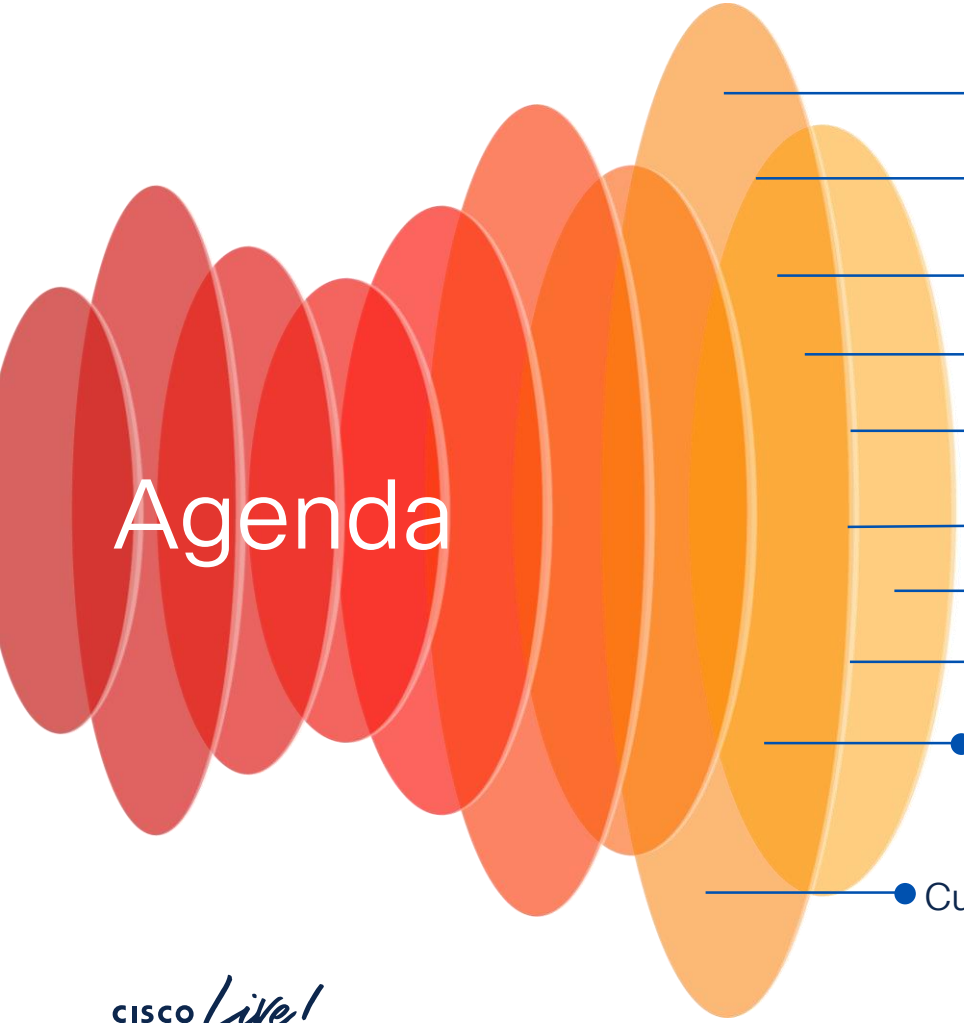
Catalyst Center and Meraki Cloud:
The right choice for your Catalyst 9000 Switch Management!

Aishwarya Sudeep
Technical Marketing Engineer
BRKENS-1601

cisco Live!

#CiscoLive

Agenda



- Evolving **Enterprise** Networks
- Overview on **Cisco Catalyst 9000 Series**: Leading the Market with Innovation
- The Shift to **Network Management Tools**
- **Key factors** influencing your Choice
- Your IT Operating model, your way!
- **Cisco Catalyst Center** Overview
- **Meraki Cloud Management** Overview
- **Meraki Cloud Monitoring** Overview
- Catalyst 9000 Lifecycle Management + Demos
  - All 3 – **Catalyst Center**, **Meraki Cloud Management** and **Monitoring**
- Customer Deployment Use Cases

Catalyst 9000 Management Learning Map

Monday–3rd

10:30AM **BRKOPS-2416**
7 Habits for Success with Cisco Catalyst Center

1:00PM **BRKTRS-2004**
Simplify Catalyst Switch and Wireless Operations with Meraki Dashboard

1:00PM **BRKOPS-2596**
Revolutionize Your Network Management with Cisco Catalyst Center: Physical or Virtual on AWS or VMware ESXi

1:00PM **IBOOPS-2882**
Let's Talk about Catalyst Center Integrations

1:00PM **BRKOPS-1461**
Discovering and Managing Brownfield Deployment with Cisco Catalyst Center

Wednesday–5th

12PM **BRKENS-1601**
Catalyst Center and Meraki Cloud: The Right Choice for your Catalyst 9000 Switch Management!

Thursday–6th

8:00AM **BRKARC-1975**
Cloud-Native Architecture Advancements: The Evolution of the Catalyst Switch in Meraki's Dashboard

cisco Live!

About Aishwarya (Ash)

Experience

- Over 2+ years at Cisco Systems as a Technical Marketing Engineer in Enterprise Switching
- Specialized in Catalyst 9300 Access switches

Education

- MSc in Information Systems from New York University

Interests

- Outdoor activities and exploring new places for the food!
- On a mission to run a marathon!

© 2024 Cisco and/or its affiliates. All ri

Cisco Webex App

https://ciscolive.ciscoevents.com/ciscolivebot/#BRKENS-1601

Questions?

Use Cisco Webex App to chat with the speaker after the session

How

1. Find this session in the Cisco Live Mobile App
2. Click “Join the Discussion”
3. Install the Webex App or go directly to the Webex space
4. Enter messages/questions in the Webex space

Webex spaces will be moderated by the speaker until June 7, 2024.

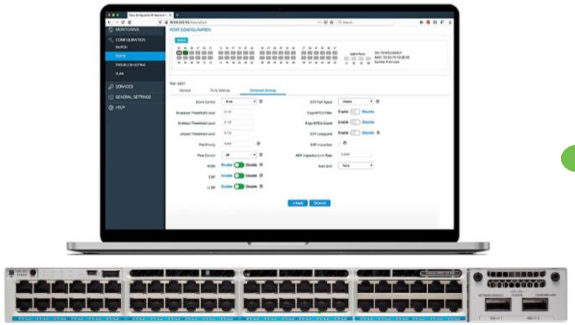
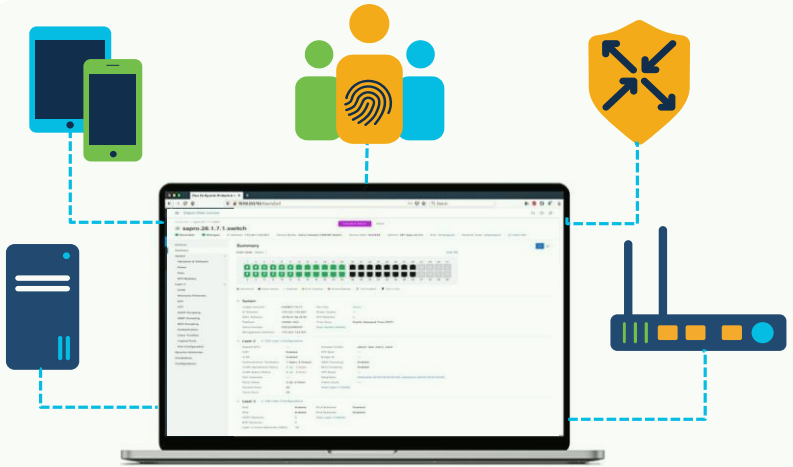
The Shift to **Unified** Network Management Tools

Elevating Network Infrastructure





Traditional Way of Management

- Cisco IOS XE software Command-Line Interface
- Graphical User Interface (GUI) for Switches
- Simple Network Management Protocol (SNMP)

Network Management Tool

- Unified device management from a single dashboard
- Real-time performance analytics and reporting
- Automated configuration backups and firmware updates
- Advanced security features for threat detection and mitigation

© 2024 Cisco and/or its affiliates. All rights reserved. Cisco Public

Key Factors

Influencing Your Network Management Tool Selection

Cisco Catalyst Center

Design | Policy | Provision | Assurance

Cisco Catalyst Center Appliance

Physical and virtual infrastructure

Cisco and third party

Complete network management system

- End-to-end health information in real time
- Granular visibility
- Simplified workflows

Analytics for assurance

- Verify intent of network settings
- Proactively resolve issues
- Reduce time spent troubleshooting

Automation for provisioning

- Zero-touch deployment
- Device lifecycle management
- Policy enforcement

Platform for extensibility

- Integrate APIs with third-party solutions
- Integrate and customize ServiceNow
- Evolve operational tools and processes

Meraki Cloud Management for **Catalyst Switches**

Unify network management in the cloud

Unlock operational excellence with the **Meraki dashboard**

OPERATIONAL SIMPLICITY

Turnkey, zero-touch provisioning
Automated firmware management
Remote troubleshooting

INTUITIVE AND EASY TO USE

Guided troubleshooting with context
Comprehensive NetOps built in
Powerful and scalable full-stack security segmentation

WORKS WELL TOGETHER

Network-wide assurance
Rich API and integration ecosystem
Full-stack provisioning, reporting and monitoring

SMARTER OVER TIME

Smart alerting and logging
New capabilities with no downtime
Automated misconfiguration detection and remediation

Streamlined end-to-end management | Proactive insights | Access anywhere | Built-in zero-trust security

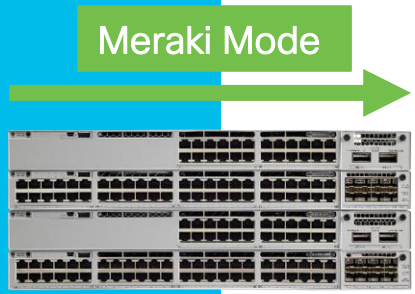
Catalyst 9300

Ready to unlock flexibility and control at the cloud scale today!

Currently running Cisco IOS XE

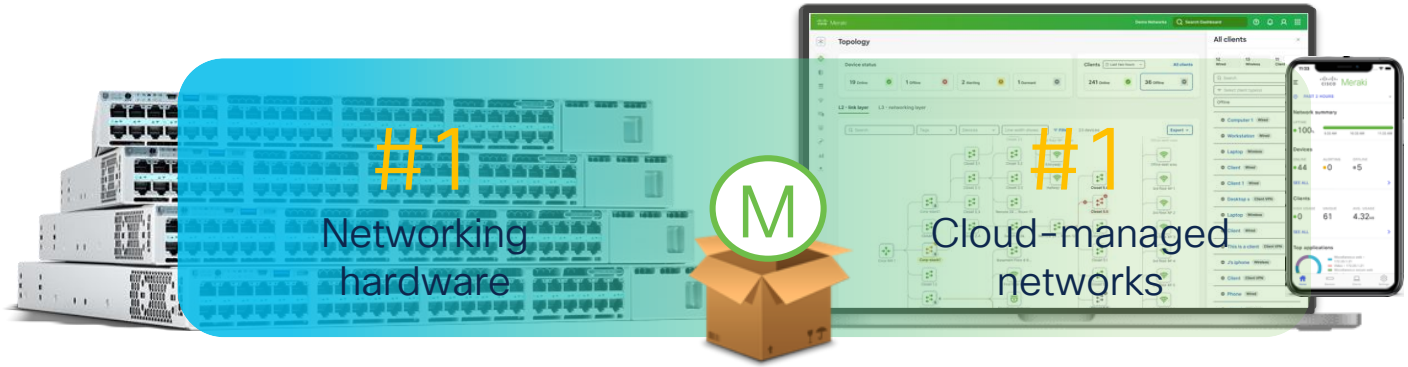


Migrate to Meraki Cloud Managed

© 2024 Cisco and/or its affiliates. All rights reserved. Cisco Public

Maximize values at cloud scale
with Catalyst 9300-M

Orderable with Meraki Day 0 experience



From the best of both worlds:

Catalyst 9300-M

Unify campus and branch network operations with a centralized, intuitive experience

Extend common policy seamlessly across Catalyst and Meraki portfolios

Gain operational excellence through streamlined management across networks and technologies

Plus, benefit from investment protection and operational flexibility
